

# Good Things are Happening Quickly at Hasentree

**RALEIGH** - It has been just two short months since Toll Brothers, the nation's leading builder of luxury homes, purchased the luxury community of Hasentree. Since then, Toll Brothers has wasted little time making some important improvements and changes to the community, all in the interest of insuring that Hasentree is the number one choice for those looking for luxury living in the Triangle. Hasentree is an 805-acre country club and golf community located in north Raleigh near Wake Forest.

While many of the improvements will be visible to even the newest residents, other changes will become more obvious to those who take advantage of the various programs offered to residents and members. For example, Toll Brothers was quick to listen to the members who play tennis regularly.

"The members of Hasentree had been asking that two of the existing six clay courts be replaced with hard courts," said Tom Anhut, Raleigh Division President for Toll Brothers. "One of our first orders of business at Hasentree has been to listen to some of the concerns of the members, and as a result, we have replaced two of the old courts with new asphalt, hard surfaces so they can be used year round."

The tennis program at Hasentree is one of a few in the state that can boast a former Davis Cup team member as its Tennis Professional. Susheel Narla is a former ATP ranked player and former player of the India Davis Cup. He is a five-time National Championship winner in the USTA events, and a two-time collegiate All-American.

On the golf side, Pat Mastandrea has joined the Hasentree team as the Pro Manager of the Hasentree Golf Club. Mastandrea has over two decades of experience in the golf industry. He began his professional golf career at Course No. 7 of The Pinehurst Resort. Later he worked at Gleneagles Country Club in Dallas, and also opened up Bear's Best Las Vegas as their first Head Golf Professional. He joins the Hasentree Club from Toll Brothers' Belmont Country Club in Ashburn, Virginia where he was Head Golf Professional for three years.

Another new staff change has occurred in the community's fitness center. Noel Loban has been named full-time Fitness Director for Hasentree. Loban represented the United Kingdom in two Olympic Games, winning a wrestling Bronze medal in the Los Angeles games in 1984. Prior to that, Loban wrestled for Clemson University, where he became the school's first National Champion. Loban has worked with a variety of clientele including sports celebrities, ac-

tors and musicians.

Toll Brothers also recently announced that Bonnie Bullard is the new Membership Director for Hasentree. Bullard began working at Hasentree in 2008 as Activities Director. She attended East Carolina University where she graduated Magna Cum Laude with a Bachelor

of Science degree in Management of Recreational Facilities and Services with a concentration in Recreational Therapy, and a minor in Business.

"We take a lot of pride in Hasentree, and we know that with Bonnie's experience, she can really bring something special to the

community," said Anhut. "Since Bonnie has been working at Hasentree, she has a feel for the members' needs and knows them on a personal level."

Finally, the Hasentree swim team is making a large leap forward. The Hasentree Hammerheads will swim in the Tarheel Swim As-

sociation League for the 2010 season. After proving themselves as a 2009 TSA Exhibition Team, the Hammerheads will join more than 75 other Wake County swim clubs with nearly 10,000 athletes for some friendly competition as members of the Tarheel Swim Association.

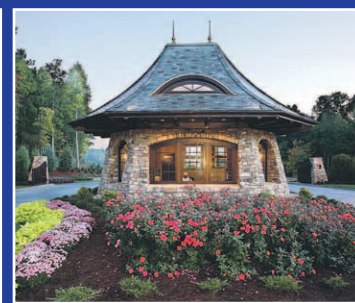

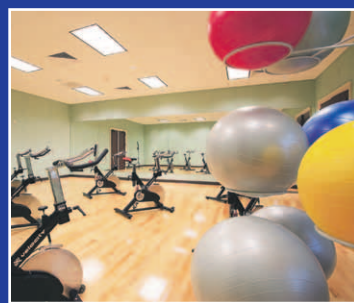

The remainder of 2010 promises to be a busy one for Hasentree residents and members as Toll Brothers continues to make improvements and introduces their luxury homes. For more information and to be added to the VIP interest list, visit [Hasentree.com](http://Hasentree.com).
